Welcome to **KID'S CHURCH**

...the Children's Ministry of Living Water Church

OUR GOAL is to help your child connect to God through a dynamic and fun-filled program that is designed just for them. We want their learning experience to be exciting and encouraging so they will develop a deep and lasting relationship with Christ.

OUR FOCUS is to share God's love and life changing power... one child at a time. In a world with so many distractions we want to help children focus on the true values of life.

OUR DESIRE is to encourage, nurture and teach your child in a loving, caring and fun atmosphere where they can enjoy learning about Jesus. Our Kid's Church team are dedicated and committed to teach your child about Jesus and His love for them.

OUR HOPE is to partner together with you as parents and caregivers to develop long lasting relationships in the church and offer you support in any way that we can. We realize that as we work together your children's lives will be impacted for life by the love of the Lord. Together, we can build a solid foundation for the precious children that God brings to us and they will learn how to live life successfully.

At Living Water we want to make a significant investment in children, they most certainly are our future. We believe that when we teach children about the love of God it is like a seed that is planted in their lives. One of the things that Jesus taught His followers was that they should be fruitful and as we take care of the seed planted in children it will grow and develop into a fruitful tree.

Parenting is not an easy task. We are here to partner with you and provide the support, resources and tools needed to give your child a solid foundation for life.

Thank you for allowing us to be a part of your child's life, we are honored to be here for you and your family.

KID'S CHURCH is a great place for children to grow in every step of their lives. During our weekend services we provide a great environment for your children to grow in every step of their lives.

Nursery

A nurturing environment where loving caregivers are prepared to watch over your children so you may enjoy the worship service.

Preschool

Children will experience fun crafts and wonderful Bible stories and lessons that they will remember for a lifetime.

Elementary

Children will experience worship, fun games and exciting lessons and so much more.

Safety and Security...

Your child's safety is of the utmost concern to us. That's why we take such great care making sure our children's areas are safe and secure. We check in each child and only dismiss them from classes with a designated adult.

Anyone who serves in our Children's Ministries has had a proper background check and receives ongoing training from our leadership.
